## Wine/Spirit Bottle Closures

### Aluminium Screw Caps for Wine

- Closures are fitted with a multilayer liner & global certification for food contact with still & sparkling beverages such as wine, spirits & juices.
- The range is available in a variety of sizes and formats that are suitable for most capping lines.
- Our closure insulation is specifically designed to manage seal integrity
- Printed up to 5 colours for further brand visibility

## Carbonated Beverage Hoods

### Original Italian Closures

- The standard for sparkling wine closures.
  - Silk Line
  - Luxury Line
  - Big Sizes
- Multiple printing options.
  - Gravure Printed
  - Digitally Printed
  - Hot Stamped

### Innovation: Polynature Biocompatible Material

- A patented polymer, multi-layered, self-supporting material.
- 100% vegetable origin.
- Free from glues and adhesion promoters.
- Certified for food contact.

## Liquid Pour Pouch with Spout

### Innovative Casks

- The liquid pouch is a flexible, self-supporting pouch that can be used to package all types of drinks. This packaging is innovative and respectful of nature.
- Designed for beverages including Wine, Juice, Olive Oil, Milk and Cold Brew Coffee.
- 1.5L, 2L, 3L or 5L with aseptic tap.

### Finer Details

- With an extensive development we are able to offer a new structure that is a co-extrusion, 7 layer, without aluminium. It has the same O barrier as aluminium.
- Detail of the film:
  - Polyethylene: Food contact with juice
  - Polyamide: Puncture resistance and protection of the oxygen barrier
  - Aluminum (8µ): Oxygen barrier + rigidity of the packaging
- The preservation quality of the Liquid Pour Pouch is superior to that of a BIB and allows for the wine for 8 weeks in ambient and after opening. For fruit juice and drinks, storage is 6 weeks after opening.

**Square Shape**  
1.5/2/3 Litres

**Innov Shape**  
1.5/3/5 Litres

**V-Pull Compact**

**V-Pull Standard**

## Bag In Box

### Aseptic Packaging Range

- Bag-in-box is a growing market for Australia due to its volume efficiency, lower footprint and high multi-barrier properties for longer asset preservation.
- Jet's liquid packaging is certified storage for:
  - Tropical Fruit Puree
  - Paste & Chunks
  - Sauces, Dairy, Wine & Jams

### Liquid Packaging Options

- A range of liquid packaging options:
  - Sizes from 1 to 1500 litres
  - Barrier and Non-Barrier
  - Aseptic and Non-Aseptic
  - Plain and Printed
- Certifications that cover the following:
  - ISO certified
  - HCCP certified
  - Food contact certified
  - Migration certified
  - Environmental certified
  - Quality certified
